25X1		Comment: contains about 120 carloads of sugar. During the last week in August, the Konsumgenossenschaft (one of several Vienna warehouses for Russian employees of USIVA) received a bill of delivery, according
25X1		to which it would receive 15,000 kg. of granulated sugar at 3.50 schillings per kg and 10,000 kg. of raw sugar at 3.25 schillings per kg from the scaled warehouse. Since 20 July, no sugar has been delivered from the
25X1		Brucker factory to Austrian consumers or Austrian firms. Comment: The Soviets, according to rumors in USIVA, hope to be able to use the need for sugar as a further lever against the Austrian Government, which has not yet acted to subsidize the ailing sugar industry. The latter needs about

	5.	At the end of August, USIVA applied to the Austrian Grain Cormission (Getreide- wirtschaftsverband) for a monthly allotment of fifty tons of barley for the produc- tion of malt extract by the Hugendubel plant in Schwechat, a Soviet-administered
